Section 1: Coding

1. Problem Statement

Ravi is developing a student registration system for a college. To efficiently store and manage the student IDs, he decides to implement a doubly linked list where each node represents a student's ID.

In this system, each student's ID is stored sequentially, and the system needs to display all registered student IDs in the order they were entered.

Implement a program that creates a doubly linked list, inserts student IDs, and displays them in the same order.

Input Format

The first line contains an integer N the number of student IDs.

The second line contains N space-separated integers representing the student IDs.

Output Format

The output should display the single line containing N space-separated integers representing the student IDs stored in the doubly linked list.

Refer to the sample output for formatting specifications.

Sample Test Case

```
Input: 5
   10 20 30 40 50
Output: 10 20 30 40 50
   Answer
   // You are using GCC
   #include<stdio.h>
   #include<stdlib.h>
   typedef struct node{
     int data:
     struct node* prev,* next;
   }node;
   node*tail=NULL;
   void insert(node** head,int value){
     node* newnode=(node*)malloc(sizeof(node));
     newnode->data=value;
     newnode->prev=NULL;
     newnode->next=NULL:
     if(head==NULL){
        *head=tail=newnode;
       return:
     }
     else{
       tail->next=newnode;
      newnode->prev=tail;
       tail=newnode;
```

```

                                                              241501055
void display(node* head){

node* temp=head·

while*
          printf("%d ",temp->data);
          temp=temp->next;
        printf("\n");
     int main(){
        node* head=NULL;
                                                                                              241501055
        int n;
          , ¬II;I++){
III val;
scanf("%d",&val);
insert(&head,val)
رسر %d",&n);
for(int i=0;i<n;i++){
int val;
     display(head);
     }
     Status: Wrong
                                                                                       Marks: 0/10
